4. Review of club rules

Members are reminded that the World Bowls rules apply at our club and our club will adhere to them in all respects. Also, our club rules should be reviewed to ensure they remain current and relevant. Once completed updated, a copy will be made available in the clubhouse.

5. Footwear

At the last Federation meeting, the Lauro delegate proposed that only official bowling footwear, or flat-soled shoes, be worn on the greens to help protect the surface. This was agreed by all clubs.

Therefore, at all future competitions umpires will be checking members footwear to ensure this is being adhered to.

As Peter is moving away, a new bar manager is required. Any member interested in the position, or wishing to request further details, should contact a member of the committee.
