

Lauro Bowls Match Report

Ultimate Bowls Challenge – September 2026

A Great two days was had by all

A well supported Ultimate Bowls Challenge took place this weekend (19-21/09/2026) with an entry of 15 teams. The format was a round robin with 2 divisions and the winner of each league would then play in the Grand Final.

After 2 days of excellent bowling the teams that made it to the Final were 3XL, and The Bowling Stones. The 3XL team was made up of Nigel South, Clive Price and Simon Kempster and The Bowling Stones was comprised of Rob Godfrey, Terry Stone and Gary Jones.

3XL proved to be too strong in the Final and came out worthy winners.

[Behind the scenes]

A tremendous amount of work went into the preparation for, and running of, the event. Lots of people, in particular, gave a huge amount of time and effort into making it such a success. Ray stayed after roll-up and did his bit as he couldn't make it on the day. Rob spent the afternoon and much of the competition sorting the comp and Trevor did a mass of shopping. A really big thanks goes to Kathy, Martin, Hazel and Phil on the maintenance day.

Rob and Trevor who did a great job running this competition as it is not an easy task .. thanks go to all who helped with the bar , food etc. Even Lindsey jumped in and helped. serve Other notable stalwarts included Ken, Margaret, Gary and Peter. Pete Tony did a full day in the bar and then played at the last minute to cover teams short from sickness. Apologies if I have missed anyone.
